

GENERAL NEWS

Major News

Fountain Quail Water Management (Aqua-Pure's Texas based service company) and Devon Energy have entered into a long-term contract for nine (9) NOMAD units. This includes the seven (7) units in operation and the two (2) units under construction.

Fountain Quail launches a new look - a new website is also under development.

Conferences

Aqua Pure participates in the Barnett Shale Expo and the FracTUR Conferences in May.

NBC Channel 5 News (Dallas/Ft Worth) aired a feature story showing the Aqua-Pure recycling system in operation at Devon Energy (May 30, 2007). The complete news story can be viewed at <http://video.nbc5i.com/player/?id=114416>

At the Barnett Shale Expo one of the keynote speakers, Texas Railroad Commission Chairman Mr Victor Carrillo, praised the progress Fountain Quail and Devon have made in wastewater recycling to over 1,000 attendees present representing government, business and the public.

Aqua Pure's head office in Calgary (Alberta) will be moving to a new facility in July. The new office will have increased space to accommodate a growing company and will also have shop space.

Aqua Pure Lead Process Engineer, Patrick Horner, served as workshop chair for the "Recycling Frac Water" workshop at the 2nd Annual Fracturing Technology User Roundtable (FracTUR) Conference in Dallas (May 15-16th).

FOUNTAIN QUAIL TEXAS OPERATIONS

Water Treated to Date

3,019,145 Bbls (June 10, 2007)

(Fountain Quail is a wholly-owned subsidiary of Aqua-Pure)

Average Equipment On-Line Time (YTD)

56%

Target Equipment On-Line Time

August	70%
October	75%
December	80%

Major Accomplishments

- 1.) Fountain Quail has exceeded the 1 million barrel mark for volume of wastewater processed this year alone.
- 2.) Fountain Quail will be moving to a new location (office + shop) near Granbury TX on August 1, 2007.
- 3.) Continual progress is being made in operator training and equipment optimization resulting in improved performance.

MESSAGE FROM THE CEO

"There is a saying in Texas: "Big hat, no cattle". Translation: talk is cheap without action. In order to be successful one must demonstrate honesty and integrity, not just talk about it. Our proven performance and excellent relationship with Devon Energy has led to a contract which places us in position to finance future units from cashflow and conventional financing."

Jake Halldorson, CEO
 June 15, 2007
